WELCOME MESSAGE

Dear Students,

Welcome to C-Clarke International Institute of Digital Sciences!

We are thrilled to have you join us on this exciting journey of learning, innovation, and professional growth with us. At C-Clarke, we are dedicated to providing you with an exceptional education that combines advanced technologies, practical skills, and industry insights to prepare you for a successful career in software landscape.

Our institute is more than just a place to study—it's a community where connections are made, ideas are shared, and futures are shaped. Guided by a team of esteemed lecturers and supported by strong industry partnerships, we are committed to helping you achieve your goals and become leaders who make meaningful contributions both locally and globally.

We encourage you to take full advantage of the resources, opportunities, and support available at C-Clarke. Together, let's build a brighter future for you and our society.

Wishing you great success

Director, Academic Affairs

ABOUT US

C-Clarke International Institute Of Digital Sciences is a premier educational institution dedicated to shaping the future Of software technology professionals. With a commitment to delivering innovative, industry-relevant education, we enable students to excel in the fast-evolving world of software and digital sciences.

Our programs are precisely designed to provide a strong foundation in advanced technologies, practical Skills, and ethical practices, ensuring our students are equipped for success both locally and globally. Backed by a distinguished panel Of lecturers and consultants with extensive industry experience, we offer unparalleled opportunities for learning and networking.

At C- Clarke, we prioritize not just education but also the holistic development of our students. By fostering innovation, growth, and lifelong learning, we aim to create a community of future leaders who drive progress, achieve economic independence, and contribute meaningfully to the world.

C-Clarke is not just a place to study; it's a place to connect, grow and transform your aspirations into reality.

VISION AND MISSION

Vision

To Be acknowledged as the Leader in Education for Digital Sciences, Whilst Inspiring Young Leaders to Achieve Economic Strength and Independence.

Mission

To Provide Innovative Education That Builds Essential Skills for Professional Success Locally and Globally.

CORE VALUES

Innovation

Continuously adhering to the latest global technologies, ensuring our programs stay ahead of industry trends to prepare students for the future.

Integrity

Committed to transparency, honesty, and ethical practices, fostering trust and respect in all our educational endeavors.

Excellence

Striving for the highest standards in education and guiding students to reach their full potential through world-class learning experiences.

Empathy

Building a supportive and compassionate community that understands the personal and professional aspirations of each student, guiding them with care and dedication toward their success

Why This Program Changes Everything

Train Your Brain for the AI Era

This isn't about memorizing frameworks—it's about fundamentally rewiring how you think about problem-solving in an AI-first world. You'll develop the mental models that separate AI practitioners from AI masters.

Build Real Products, Not Toy Projects

Forget Hello World tutorials. You'll ship production grade AI applications that can handle real users, real data, and real business challenges. Your portfolio will speak louder than any certificate.

Dual Learning Modes

Choose in-person immersion for maximum collaboration and networking, or online flexibility to learn from anywhere. Both options deliver the same rigorous curriculum and industry-recognized certification.

Six Months to Career Transformation

We've compressed what traditional programs drag out over years into an intensive, focused sprint. Every week brings new capabilities. Every month brings career-defining projects. Six months brings total transformation.

C-CLARKE INTERNATIONAL INSTITUTE

PANEL OF LECTURERS AND ACADEMIC CONSULTANTS

SUSHAIN DILISHAN

BSc (Hons) in
Software Engineering
Cardiff Metropolitan University

Tech Lead at
Sysco Labs

PRASHAN SILVA

BSC (Hons) in
Computer Science
University Of Kelaniya

Tech Lead at
CodeGen

DILSHAN ARIYARATHNA

BSc (SP) in
Computer Science
University of Kelaniya

Associate Technical
Lead Engineer at
iCan Lanka

CHAMINDIKA KODITHUWAKKU

Master of Information
Technology
University of Colombo
BSc. (Hons) in
IT & Management
University of Moratuwa

Senior Software Engineer
CMS

CURRICULUM OVERVIEW

Module 01 - Professional Python Developments

- Python fundamentals and syntax
- Object-oriented programming
- Data structures and algorithms
- File handling and APIs
- Testing and debugging
- Version control with Git

Module 02- Modern Web Development

- HTML5, CSS3, and JavaScript essentials
- React.js and component architecture
- Responsive design principles
- Frontend-backend integration
- Deployment and hosting
- UI/UX best practices

Module 03 - Advanced AI Development

- Python Basics & Data Structures
- Control Flow & Loops
- Object-Oriented Programming
- Functions & Exception Handling
- Modules, Packages & File Handling
- Regular Expressions & Debugging

Module 04 - Prompt Engineering & LLM Integration

- LLM fundamentals and architecture
- Advanced prompt engineering techniques
- API integration (OpenAI, Anthropic, etc.)
- RAG (Retrieval-Augmented Generation) systems
- Vector databases and embeddings
- Fine-tuning and optimization

Module 05 - AI-Powered Creative Tools

- AI image generation
  (Midjourney, DALL-E, Stable Diffusion)
- AI video production tools
- AI music and audio generation
- Content creation workflows
- Multi-modal AI applications
- Portfolio development
