WELCOME MESSAGE

Dear Students,

Welcome to C-Clarke International Institute of Digital Sciences!

We are thrilled to have you join us on this exciting journey of learning, innovation, and professional growth with us. At C-Clarke, we are dedicated to providing you with an exceptional education that combines advanced technologies, practical skills, and industry insights to prepare you for a successful career in software landscape.

Our institute is more than just a place to study—it's a community where connections are made, ideas are shared, and futures are shaped. Guided by a team of esteemed lecturers and supported by strong industry partnerships, we are committed to helping you achieve your goals and become leaders who make meaningful contributions both locally and globally.

We encourage you to take full advantage of the resources, opportunities, and support available at C-Clarke. Together, let's build a brighter future for you and our society.

Wishing you great success

Director, Academic Affairs

ABOUT US

C-Clarke International Institute Of Digital Sciences is a premier educational institution dedicated to shaping the future Of software technology professionals. With a commitment to delivering innovative, industry-relevant education, we enable students to excel in the fast-evolving world of software and digital sciences.

Our programs are precisely designed to provide a strong foundation in advanced technologies, practical Skills, and ethical practices, ensuring our students are equipped for success both locally and globally. Backed by a distinguished panel Of lecturers and consultants with extensive industry experience, we offer unparalleled opportunities for learning and networking.

At C- Clarke, we prioritize not just education but also the holistic development of our students. By fostering innovation, growth, and lifelong learning, we aim to create a community of future leaders who drive progress, achieve economic independence, and contribute meaningfully to the world.

C-Clarke is not just a place to study; it's a place to connect, grow and

VISION AND MISSION

Vision

To Be acknowledged as the Leader in Education for Digital Sciences, Whilst Inspiring Young Leaders to Achieve Economic Strength and Independence.

- Black-box
- White-box
- Experience-based and Collaboration-based techniques

1.5 Managing Test Activities

- Test Planning
- Risk Management
- Monitoring & Control
- Configuration
- Defect Management

1.6 Test tools

- Tool Support
- Benefits
- Risks of Automation

MODULE 2 – PRACTICAL QA & AUTOMATION TRAINING

2.1 Manual Testing Foundations

- Mind Maps
- Test Scenarios
- TestLink/TestRail/Excel
- Jira defect logging
- Reports

2.2 Automation Implementation

- Java + Selenium + TestNG
- POM
- Excel (Apache POI)
- Screenshots
- ExtentReports/Allure
- Jenkins

2.3 API Testing

- Postman
- Validate Responses
- Agile & DevOps context

MODULE 3 - TYPESCRIPT & PLAYWRIGHT AUTOMATION

3.1 TypeScript Fundamentals

- Setup
- Data types
- Classes
- Modules
- Hands-on coding

3.2 Advanced TypeScript

- Async/Await
- Error handling
- JSON Utilities

3.3 Playwright Basics

- Browser
- Context
- Locators
- Test Runner

3.4 Core Playwright Skills

- Locators
- Waits
- Assertions
- Interactions

3.5 Complex Handling

- Frames
- Shadow DOM
- Uploads
- Multiple Windows

3.6 Framework Design

- POM
- Config
- Reporting (Allure/Extent)

3.7 API Testing with Playwright.

MODULE 4 - DEVOPS & CI/CD INTEGRATION

4.1 CI/CD with GitHub Actions

- Run Playwright tests
- Manage artifacts
- Environment matrices

4.2 Load Testing with JMeter

- Create test plans
- Analyze results
- Integrate with QA Strategy

LIFETIME LEARNING SUPPORT

We provide:

- Access to updated course materials.
- Regular webinars on industry trends.
- A dedicated alumni network.

ADMISSION PROCESS

» Visit our website and fill out the application form.
» Submit necessary documents.
» Attend an interview or placement test.
» Confirm your admission and begin your journey.
